# BEYOND THE SURFACE 'Changing Britain'

Exploring physical, emotional & major life changes. Meeting the new Dfe RSE Statutory Guidelines

SUITABLE FOR YEARS 5 & 6

"Big Sister" the vlogger presents tonight's episode which follows a group of year 7 pupils. Jade and Dan have been friends since reception but their friendship is beginning to change. Ollie is struggling to adapt to his parents divorce. Emily is trying to keep up and they are all trying to fit in. But what happens when a dare becomes dangerous? Clips from our agony aunt "Doctor Doctor", the sit-com "Mates", the news and the adverts all add to the story and uncover the issues.

"Beyond the Surface" is a live theatre experience that includes informing and inspiring plays followed by involving workshops. The play is made up of clips from our invented "Beyond the Surface" programme, the reactions of different people watching it, as well as mock ups of other T.V. shows and adverts. Using familiar formats we can fully examine a range of issues.

## THEMES INCLUDE

- Puberty: Emotional & physical aspects.
- Relationships: Friends, family & Romantic
